Supervisor Michael D. Antonovich

From: David E. Janssen  
Chief Administrative Officer

**RESPONSE TO BOARD INQUIRIES RELATED TO CONTRACT NEGOTIATIONS WITH THE CALIFORNIA YOUTH AUTHORITY FOR DETENTION SERVICES OF UNFIT JUVENILES HOUSED AT MEN'S CENTRAL JAIL (ITEM NO. 46, AGENDA OF JULY 8, 2003)**

On July 8, 2003, on motion by Supervisor Zev Yaroslavsky, as amended by Supervisor Don Knabe, the Board instructed my office with the assistance of the County Counsel, Sheriff, and Chief Probation Officer, to: 1) negotiate and execute a contract with the California Youth Authority (CYA) for housing minors that the Court deems not appropriate for a juvenile facility, and for providing such minors with appropriate education, recreation, social and mental health services; and 2) report back to the Board by July 15, 2003, on the cost of relocating juveniles from the Men's Central Jail to the Twin Towers while negotiating the contract with the CYA.

Further, the Board instructed my office to ascertain the level of security required for the transfer of juveniles from County facilities to CYA facilities; the risk management involved in the transfer; and the maximum number of potential transfers to the Fred C. Nelles Youth Correctional Facility in Whittier and the Southern Youth Correctional Reception Center and Clinic in Norwalk, with notification to each City regarding potential transfers to these facilities.

In addition, Supervisor Michael D. Antonovich requested my office in coordination with the Chief Probation Officer to report back to the Board by July 22, 2003, with a fiscal analysis relating to contracting with the CYA for housing the 110 remaining juveniles currently at the Barry J. Nidorf Juvenile Hall in the San Fernando Valley. Supervisor Burke also requested the Chief Probation Officer to include in the report, the number of juveniles in the general population of the Probation Camps who are not being tried for crimes as adults, and what the charges are against them.

Each Supervisor  
July 15, 2003  
Page 2

This report addresses these inquiries. A copy of the Board order is attached for your information (Attachment I).

### **CONTRACT NEGOTIATIONS WITH THE CYA**

On July 10, 2003, CAO and Probation staff met with the Superintendent and staff of the Southern Youth Correctional Reception Center and Clinic located in Norwalk, California, and were provided a walkthrough of the facility prior to commencing negotiations. Discussions with the CYA are underway regarding the housing of minors the Court deems not appropriate for a juvenile facility, specifically, the minors housed at Men's Central Jail, and for providing these minors with appropriate education, recreation, social and mental health services. Absent any unforeseen circumstances, we anticipate a contract to be executed with the CYA by mid-September 2003.

### **INTERIM HOUSING OF JUVENILES DURING CONTRACT NEGOTIATIONS**

#### **Twin Towers**

The Sheriff's Department has provided a cost estimate to relocate juveniles from Men's Central Jail to Twin Towers during our negotiations with the CYA (Attachment II). However, the Sheriff's Department indicates that it would be difficult to implement the transfer as various facility upgrades are necessary to ensure compliance with the California Code of Regulations, Title 15.

The Sheriff estimates that it will take approximately 30 - 45 days for the module to be in compliance with Title 15 and ready for use. Based on this, we recommend that the juveniles be retained at Men's Central Jail with program enhancements, during our contract negotiations with the CYA.

#### **Men's Central Jail**

The Sheriff's Department has provided an estimate of \$62,000 for a 60-day period to retain juveniles at Men's Central Jail with program enhancements. The Sheriff's Department indicates that at this time, cooperative juveniles are afforded approximately 2 ½ hours of out-of-cell time per day. With a moderate staff increase and some minor facility upgrades, out-of-cell time can be increased to a minimum of four hours per day for cooperative juveniles. This can be accomplished by funding overtime for two additional 56-hour Deputy Sheriff posts and security upgrades -- installation of secured gates at the shower areas would enable a juvenile to shower, while other juveniles can be moved from their housing cells. Currently, while a juvenile is in the shower, no other juveniles can be moved from their cells.

Staffing for this interim alternative may be implemented immediately, facility enhancements will require three weeks to complete.

## **SECURITY INFORMATION**

### **Security Level During the Transfer of Unfit Juveniles to CYA's Norwalk Facility**

The Sheriff's Department will transport the juveniles to the CYA Norwalk facility. The institution is surrounded by 14-foot and 10-foot double security fence with video surveillance and alarms that can be triggered if the fence is touched. Living units are topped with rolled razor wire. The CYA Norwalk facility housing for Los Angeles County juveniles will be separate from all other juveniles housed at the facility, and the need for any special security enhancements for that population will be specifically addressed during contract negotiations.

### **Risk Management Associated with Transferring Juveniles to CYA's Norwalk Facility**

According to CYA staff, there has been one escape from the CYA Norwalk facility during the past 2 ½ years. The CYA indicates that security staffing has not been reduced as a result of the reduction in inmate population.

### **Maximum Number of Potential Juveniles Transferring to CYA's Norwalk Facility**

The agreement will provide housing for a maximum of 50 unfit juveniles. Based on historical information, the Sheriff and Probation Departments indicate that an average of 40 unfit juveniles have been housed at Men's Central Jail in recent years.

The Superintendent of CYA's Norwalk facility and the Probation Department have initiated contact with the Norwalk City Manager of the proposed agreement to house Los Angeles County unfit juveniles at the CYA Norwalk facility, and will continue to work with the City Manager to follow up on any potential City concerns.

### **Fred C. Nelles Youth Correctional Facility (Whittier Facility)**

The Fred C. Nelles Youth Correctional facility located in Whittier, California, was not recommended as a viable alternative in our previous report, as this site has a dorm setting, and is not a self-contained, fenced facility. Consequently, this alternative is not being further explored.

### **FISCAL ANALYSIS OF CONTRACTING FOR CYA SERVICES FOR JUVENILES HOUSED AT BJNJH**

Supervisor Michael D. Antonovich requested my office in coordination with the Chief Probation Officer to report back to the Board by July 22, 2003, with a fiscal analysis relating to contracting with the CYA for housing the 110 remaining juveniles currently at the Barry J. Nidorf Juvenile Hall in the San Fernando Valley. At this time, only 50 beds are available locally to the County as designated by the CYA. Consequently, pursuing this option is not feasible at this time.

### **JUVENILES AT PROBATION CAMPS NOT TRIED AS ADULTS AND THEIR CHARGES**

Supervisor Yvonne Brathwaite Burke requested the Chief Probation Officer to also provide the number of juveniles in the general population of the Probation Camps who are not being tried for crimes as adults, and what the charges are against them. A detailed breakdown is provided (Attachment 3) reflecting the primary offenses of juveniles at Probation Camps, all of whom have already been tried. Also provided is offense information on juveniles housed at detention halls (Attachment 4), as well as a summary by offense of the unfit juveniles at Barry J. Nidorf Juvenile Hall and those at Men's Central Jail (Attachment 5).

### **CONCLUSION**

The Twin Towers can not be ready for occupancy in time to provide interim housing for juveniles pending negotiation and execution of a contract to house them at the CYA Norwalk facility. Another solution is to fund \$62,000 to provide for a temporary staff increase and minor facility upgrades to the Men's Central Jail which would allow an opportunity to increase out-of-cell time to a minimum of four hours per day for cooperative juveniles. This will enable the juveniles to remain at this facility with an opportunity for extended out-of-cell time until we have concluded our negotiations with the CYA and have an executed contract.

In the meantime, we will continue to negotiate a contract with the CYA, which will include funding, security, and liability provisions.
